S14d LED linear clear Light Bulb - 500 mm length 12W Dimmable 2200K - for S14 System

Product short description:

Tube light bulbs are a beautiful source of light that, thanks to the use of contemporary long-lasting energy-efficient LEDs, are experiencing a renaissance.

This 50 cm long S14d linear clear light bulb is perfect for illuminating many types of interiors and ideal to be combined with the S14d Syntax® lamp holder.

Create special light effects by installing it on wall or pendant lamps in combination with the other LED S14d fitting bulbs available in our catalogue: play with geometric shapes by choosing among the bulbs from the Led Art line or create contemporary designs with the other linear bulbs available in 3 sizes and four finishes.

Warning: To dim LED bulbs we strongly recommend using the latest generation of universal dimmer available on our website as either wall or inline options.

Product description:

Light bulb type: LED
Shape: linear
Fitting: S14d
Diameter: 30 mm
Length: 500 mm
Volt: 220/240
Watt: 12W
Energy class: G

Colour temperature: 2200 K
Lumen: 560 Lm
Adjustment: dimmable

Our bulbs with straight filament can work with all DIMMERS (TRIA or IGBT), while for curved filament bulbs, IGBT dimming is highly recommended.

For the choice of the dimmer: in addition to the maximum power of the user, the minimum power must also be considered, because when the regulated power is lower than the minimum rating, the user can "flicker" and / or be damaged
